AISHWARYA SARANGA

ABOUT ME

Ambitious B.E. student with a focused interest in Software Engineering, AI, Machine Learning, Cloud Computing, and Cybersecurity. I have developed AI-based projects, including a Digital Health Record System utilizing LLMs for intelligent healthcare assistance. I am passionate about solving real-world problems through technology and continuously enhancing my skills in software development, AI, and cloud technologies.

EDUCATION

GRADUATION

Stanley College of Engineering and Technology For Women, Hyderabad

2023 - Present, *8.1 CGPA*

Courses

-CSE

Intermediate

NARAYANA JUNIOR COLLEGE

2021 - 2023, *93.3 %*

Courses

-MPC

SSC :

BHASHYAM EDUCATIONAL INSTITUTE

2015 - 2021, *10 CGPA*

PROJECTS

DIGITAL HEALTH RECORD SYSTEM

- Developed an AI-powered Digital Health Record System that securely manages patient records and enables intelligent medical data retrieval.

KrishiEye AI

-An AI-powered multilingual crop disease detection and farming advisory platform designed to support Indian farmers using Computer Vision + Generative AI.

HOTEL BOOKING PORTAL

-Responsive hotel booking web app built with HTML, CSS, JavaScript which features search, room selection, booking flow, and client-side validation.

WEB SESSION CLUSTERING

-This project uses Hierarchical Clustering to group user sessions by behavior, identifying bounced, engaged, and converting users to support better personalization and decisions.

WORK EXPERIENCE

COGNIFYZ TECHNOLOGIES

Achievements/Tasks

PYTHON DEVELOPMENT

SOFT SKILLS

Leadership | Active Learning | Analytical thinking | Team Work | Multi Tasking | Problem Solving

PROFESSIONAL SKILLS

AI

ML

SQL

PYTHON

JAVA

CERTIFICATES

Certification in INTRODUCTION TO DATA SCIENCE by Simplilearn SkillUp

for completion of course

Certification in INTRODUCTION TO MODERN DATABASE SYSTEM by Saylor Academy

for completion of course

Cloud With DevOps Automation 2-days Workshop

for participation

SEED HACKATHON 2025 (on Real-Time Deepfake Detection at Social Media Scale)

for participation

PYTHON PROGRAMMING : Beyond Basics to Applications by Udemy

for completion of course

Flipkart Runway : Season 5

for participation
